Foes Mass in Force.

Filipinos Preparing to Make a Desperate Stand.

BATTLE SEEKS IMMINENT.

Terrible Execution Wrought by the Natty Gunboat Napidan While General Wheaton Engaged the Enemy Near Taguig.

Manilla, June 19.—A reconnaissance was made by a battalion of the Fourteenth infantry from Imus toward Salitran. The Filipinos are reported to be massing in force at the latter point.

The gunboat Napidan arrived here and made a brief stay. Her commander, Franklin, reported the details of an engagement with the Filipinos on the lake on June 10. While General Wheaton was fighting near Taguig, Franklin saw a party of 500 insurgents advancing under cover of the bluffs to attack Wheaton's left flank. The Napidan steamed unseen by the insurgents to within 500 yards of the shore, when she opened fire upon the enemy with every gun on board. It was a tremendous surprise to the insurgents.

The first discharge scattered the enemy and threw them into utter confusion. The Filipino commander, who was mounted, belabored his men with the flat of his sword, striving to rally them, but they would not stand to be cut down by the murderous fire of the gunboat. Finally the Filipinos fled over the hills, the Napidan shelling them until the last man disappeared.

General Wheaton first saw the insurgents as they were scrambling over the hill in their flight. He was ignorant of the reason of the demonstration, his own fire drowning that of the Napidan. The gunboat then steamed down the lake. A short distance down she saw a Filipino supply train and opened fire upon it, destroying every cart and killing every caraboo. Continuing down she saw new barracks containing 500 insurgents, which were shelled and burned.

After the barracks were destroyed, Franklin, with a detail of men, went ashore and found nearly 60 dead Filipinos and several wounded who had been left where they fell. Franklin picked up an officer's sword, but it was impossible to distinguish officers from privates among the dead. He reports that the lake is cleared of the enemy south of Muntulupa.

American Accused.

Havana, June 19.—The local papers devote considerable space to the murder of the notorious Minnie Ross. It was first reported that a well-known army officer was involved, but the uniform found in the room of Fred Krause, now in custody on charge of being a murderer, is undoubtedly one formerly worn by him. Krause was at one time lieutenant of the Florida volunteers. He is said to be a member of a wealthy Tampa family. Thus far there is little evidence against him.

Calm Before the Storm.

London, Ky., June 19.—A messenger just from Manchester says that all is quiet there. Judge Eversole will not go to Hyden to open court, owing to the danger in passing through Clay county. Sid and Lee Baker, friends of the Whites and Edwards, passed through here, going back home to fight it out if necessary. The quiet at Manchester is believed to be that which precedes a storm.

Alone Across the Deep.

Gloucester, Mass., June 19.—Howard Blackburne of this city set sail alone in his little sloop rigged four ton boat, the Great Western, to cross the Atlantic. Blackburne followed a seafaring life on Gloucester fishing vessel for many years. The Great Western is stocked with provisions for 90 days, and Gloucester, England, is the point where Blackburne expects to land first.

Disabled at Sea.

Newcastle, N. S. W., June 19.—It is learned here that the steamer Aulaine is towing the disabled British steamer Perthshire to this port. The disabled steamer sailed from Sydney, N. S. W., April 26, for Bluff, 45 miles east of Sydney, with her tail shaft broken. She has been drifting since that time.

Sudden Death of a Preacher.

Newcomerstown, O., June 19.—While sitting in the office of the Chaney hotel, Rev. James Singleton, 60, residence unknown, died suddenly of heart failure. Decedent was en route from Philadelphia, and not feeling well, stopped off here for treatment. On his person was found his appointment as a minister of the Baptist church and a letter of recommendation signed Governor Taylor, of Knoxville, Tenn.

BOTH WILL DIE.

Section Hand Makes an Heroic Attempt to Save a Woman from Death.

Cleveland, June 19.—Blaise Patrie, a railroad section hand, proved himself a hero and was fatally injured in an attempt to save a woman from death. Mrs. Jennie Price was riding a wheel across the track, and fell in front of an approaching train. Patrie ran to Mrs. Price's assistance, but both he and the woman were run down. Mrs. Price lost a leg and an arm and suffered a fracture of the skull, while her rescuer was struck by the pilot of the engine and was picked up insensible from a bad wound in the head. The woman retained consciousness, but the physicians say both will die.

After Imported Negroes.

Pittsburg, Kan., June 19.—The striking union coal miners appear to have temporarily stopped the importation of southern negroes by the miners. The hearing of injunction cases brought by the strikers in the state courts has been postponed until June 26, temporary injunction being extended. The miners set up that the negroes are criminals and affected with contagious diseases and that their coming would be a menace to the health of the community and good order.

National Music Teachers.

Cincinnati, June 19.—The twenty-first annual convention of the Music Teachers' National association, which is to be held here June 21 to 23 inclusive, has a program indicating much more than the usual attendance and interest. An interesting feature will be the exhibition for the first time in public of the perfectly tuned piano, by the inventor, Dr. S. A. Hageman of Cincinnati. In the three days a large number of papers will be read.

Treacherous Coincidence.

Winchester, Ky., June 19.—Hiram P. Rogers, formerly a business man of this city, was accidentally killed by a passenger train near Ronceverte, W. Va. Samuel T. Rupard and wife, relatives of the deceased, were on their way here to meet the remains and while crossing the track of the Chesapeake and Ohio they were both struck by another passenger train and both were instantly killed.

McKinley's Busy Day.

Holyoke, Mass., June 19.—Sunday for the president was anything but the day of rest that was hoped for. The continual crowding of the curious citizens, the immense jam at the church and later in the day an unexpected and totally unprepared for reception in connection with the baccalaureate exercises at Mt. Holyoke college made the day long and tiresome for all.

Reports of Timers.

Washington, June 19.—The war department has made public reports from Captain Sage, Twenty-third infantry; Captain Matile, Fourteenth infantry, and Assistant Surgeon Kemp, of the Hospital corps of the Fourteenth infantry, covering their operations on February 4 and 5.

Thoissey, France, June 19.—Major Marchand arrived at Thoissey, his birth place, and was received by the mayor and enthusiastically greeted by the crowds. His passage from the railway station to his father's place was a veritable triumphal progress.

Gone a Senator.

Cottage Grove, Ore., June 19.—Ex-Senator Benjamin E. Harding is dead. He was elected to the United States senate in 1862 to fill out the unexpired term of Senator Baker, deceased. Mr. Harding was born in Pennsylvania in 1832.

Philippine Casualties.

Washington, June 19.—Major General Otis has reported to the war department an additional list of casualties among the soldiers under his command, amounting to five killed and 50 wounded.

MOST DIFFICULT TASK.

That of Forming a Satisfactory French Cabinet.

MANY OBSTACLES LOOM UP.

Former President of the Republic May Be Drafted to Assist in Solving the Dilemma—Latest Phase of the Crisis.

Paris, June 19.—President Loubet received in audience M. Casimir Periere, former president of France, and consulted with him regarding the ministerial crisis. When the interview terminated, Loubet received Senator Pierre Waldeck-Rousseau.

The latter, it is understood, has made his acceptance of the task of forming a cabinet conditional upon the co-operation of M. Casimir-Periere and certain sections of the chamber of deputies, which he hopes to secure. He has consulted with several statesmen and has a very long conference with M. Lepine, former prefect of police of Paris.

M. Waldeck-Rousseau is meeting with considerable difficulty, but he appears determined. He will confer with M. Loubet again before submitting a draft list of colleagues.

It is understood that if M. Waldeck-Rousseau fails, the president will again summon M. Poincaré, whom he has asked to remain in Paris at his (M. Louhet) disposition.

M. Waldeck-Rousseau waited upon M. Casimir-Periere and earnestly endeavored to induce him to accept the portfolio of war, on the ground that his presence at the ministry of war would simplify the difficulties of the situation. Thereupon M. Casimir-Periere consulted with the president, who informed him that he would be able to exercise more authority than any one else over the generals in destroying the germs of irritation. Casimir-Periere replied he had definitely withdrawn from politics, but nevertheless would undertake to consider the matter. M. Waldeck-Rousseau was notified of this reply, which gives him full authority to constitute a cabinet of Republican union.

A Committee Selected.

Denver, Col., June 19.—The committee of citizens selected by Governor Thomas and Mayor Johnson to confer with the smelter representatives with a view to effecting an arrangement satisfactory to the striking of the employees, met at the office of the governor. The members of this committee are ex-Governor Alva Adams, William Church, president of the Golden Pressed Brick company; J. K. Mullin, proprietor of the Hungarian mills; President Edward T. Jeffery, of the Rio Grande Railroad company; and Rev. Barton O. Aylesworth, president of the State Agricultural college.

Spanish Finances.

Madrid, June 19.—It is semi-officially announced that the Spanish minister of finance, Senor Villaverde, has established the equilibrium of the Budget. It is understood that a tax of 20 per cent. will be imposed on internal rents and that as regards the external debt the July coupons will be paid in full, but the government will ask the cortes for authority to negotiate with the foreign bondholders with the view of obtaining a reduction in the rate of interest.

Series of Earthquakes.

Kingston, Jamaica, June 19.—A continuous series of earthquakes, extending from Colon through the Caribbean sea to Curacao and Maracaibo, have been reported since the middle of May. The most severe action was felt at Montserrat and Guadalupe, causing much damage. A curious shock was felt throughout Jamaica on Wednesday, comprising five movements during fifteen minutes. No damage however, was done.

Mute Evidence of a Disaster.

Vineyard Haven, Mass., June 19.—Three well-known men of Cottage City, Augustus W. Leighton, Joseph Bernado and David Evans, are supposed to have been drowned in Edgartown bay while on a gunning trip. The revenue cutter Manning found their boat adrift in a waterlogged condition. Two coats belonging to Leighton and Evans were found in her, but nothing was learned of themen.

Boys for Navy Desired.

Chicago, June 19.—Chief Boatswain P. H. Smith, U. S. N. will re-open the Chicago naval recruiting station June 22 for the enlistment of a number of apprentices. Boys between the ages of 15 and 17 will be accepted. Lieutenant B. W. Wells, who is now in Cincinnati, will return to Chicago on the 21st, and the work of recruiting will be rapidly pushed.

Washington, June 19.—Major General Otis has reported to the war department an additional list of casualties among the soldiers under his command, amounting to five killed and 50 wounded.

BUNKER HILL.

Anniversary of the Famous Battle Celebrated at Boston.

Boston, June 19.—The one hundred and twenty-third anniversary of the battle of Bunker Hill was celebrated. The center of the demonstration was at Charleston. Marines and sailors from the North Atlantic squadron, which arrived in port recently, participated. Thousands of sightseers witnessed the parades and the marines received an ovation. Headed by a band, two full battalions of four companies of marines from the New York, Texas, Indiana, Massachusetts, Wabash and Lancaster under command of Col. H. C. Cochrane, participated. Then followed four companies of the "men behind the guns" from the squadron under the command of Captain C. B. Train, of the Massachusetts. The men were greeted with cheers, mingled with the blasts of horns and the sounds of firearms on all sides.

Casimir-Periere Will Explain.

Paris, June 19.—In connection with the multiplicity of stories in the newspapers attributing Former President Casimir-Periere with a variety of misdeeds, referring to the Dreyfus affair, a curious semi-official note was issued. It says, extraordinary as it may seem, M. Casimir-Periere, then president, was cognizant only of what he affirmed on oath before the court of cassation. As regards all the rumors current concerning his acts, steps and declarations, he will give full explanation before the court martial at Rennes.

Shot His Bride.

New Orleans, June 19.—William H. Fischer, a builder and contractor, shot his wife on a public thoroughfare, after brutally beating her and then fatally wounded himself. They were married only six weeks ago and owing to his ill treatment she was compelled to leave him. Since then he has objected to her receiving the attentions of a former sweetheart and waylaid her, dragging her three squares and then shot her three times. He was finally captured, after running a mile from the scene.

Fatal Gasoline Explosion.

Cleveland, June 19.—The entire front of the brick house of Abraham Kohn's was blown out by an explosion of gasoline, and Kohn, his wife and child are in the hospital. The baby will surely die, and Kohn himself is believed to be fatally burned. Mrs. Kohn was cleaning some garments with gasoline and she left the vessel uncovered in the house while she went out in the yard, the door being closed. In some way the gasoline was ignited and the explosion followed.

Deal in Iron Properties.

New York, June 19.—An important transaction is reported in southern iron properties by which the Tennessee Coal and Iron company will acquire from the Sheffield Coal, Iron and Steel company large tracts of coal and mineral lands and important manufacturing plants. The price is not stated, but the transfer is understood to include all the property of the Sheffield company.

Murder of Mrs. Cole.

Indianapolis, Ind., June 19.—Mrs. Mary Cole, 35, was murdered by being struck over the head several times with an ax in the hands of John O. Duncan, in Norwood, a suburb about four miles southeast of the city. It is the opinion of the neighbors that Duncan is either a fiend or insane. Duncan cannot tell why or how he committed the deed. He admits killing the woman, however.

Denies the Story.

Nashville, Tenn., June 19.—Major A. W. Wills, president of the Sheffield Coal, Iron and Steel company, said in regard to the purchase of large tracts of coal and mineral lands and important manufacturing plants from the Tennessee Coal, Iron and Railroad company that no such deal had been made. He said the report was without foundation.

Opening Meeting.

Milwaukee, Wis., June 19.—The annual convention of the National Children's Home society opened at Plymouth church. Delegates are present from various parts of the union. The meeting will continue until Tuesday. The first session was devoted to the receiving of reports from the different states represented.

Big Barge Launched.

Chicago, Ills., June 19.—The steel tow barge Manilla, said to be the largest vessel on the lakes, was launched at the yards of the Chicago Shipbuilding company at South Chicago. The vessel is owned by the Minnesota Steamship company and was built for the Iron Ore Carrying trade.

Erlish, June 19.—It is announced semi-officially that any increase in the tax on American bicycles is impossible, because the commercial treaties with Austria, Russia and Italy exclude such a thing.

TO AID THE STRIKERS.

Cleveland Trades Unionists Will Appear In Parade.

THOUSANDS TO BE IN LINE.

Object of the Demonstration Is to Influence the City Council to Take Favorable Action Upon a Certain Ordinance.

Cleveland, June 19.—There were no new developments in the strike of the street railway men, principally for the reason that the company made no attempt to operate cars except on the Euclid avenue lines. The police still afforded ample protection, and the cars were run on schedule time.

The strikers are preparing for a big demonstration Monday night. A meeting was held in the afternoon, at which representatives of all the labor unions were present. The meeting arranged for a parade to take place in the evening. It is anticipated that between 10,000 and 20,000 union working men will be in line, and there will be several bands in the procession.

The object of the demonstration will be to influence the members of the city council, and 100 representatives of organized labor will be selected to attend the meeting of that body and request the passage of an ordinance introduced a week ago, which requires that all motormen shall have had at least 20 days' experience in running cars in Cleveland before they can be employed in this city. The present ordinance on that subject requires 10 days' experience, but it may be had anywhere.

The representatives of labor will also ask the council to request Mayor Farley to withdraw police protection from the Big Consolidated company, and demand that if the company does not operate its cars in compliance with the terms of its charter the franchise be forfeited.

The strike was the subject of many of the sermons delivered by Cleveland ministers, and some of the clergymen took the ground that the strikers had made extreme demands of the company.

Eugene Debs, who was expected here to address a mass meeting of strikers, sent a message saying he could not come, but telling the men to hold out and vote the Socialist ticket.

Late Saturday afternoon six persons were badly hurt in a battle between the police and street car strikers. Two cars manned by 20 nonunionists were attacked by a mob of 2,000 people. Tracks were torn up by the crowd. With clubs the police charged the crowd and over a dozen were wounded, six seriously. The mob was dispersed after 15 minutes' fighting.

Two Important Decisions.

Washington, June 19.—Two important decisions were made at the meeting of the cabinet held just before the president started for Holyoke referring to the campaign in the Philippines. First, that in view of the strength of Aguinaldo in the north as developed in dispatches from General Otis the aggressive campaign against the insurgent chief must be renewed with vigor. Second, that the army and navy

The Local Association Celebrates Its Third Anniversary.

Some Figures Showing What It Has Done the Past Year—Financial Statement.

The local Young Men's Christian Association celebrated its third anniversary last evening at the First Presbyterian Church, the various denominations of the city uniting in the services. A very large audience was in attendance. The features of the program were the report of the year's work by General Secretary Baker and the address by Mr. John C. Johnson, of Covington. Mr. Johnson is one of Covington's prominent business men, being Vice President of the Suspension Bridge Company, but he does not allow his business affairs to occupy his whole time and attention. He is an active and zealous Y. M. C. A. worker, having held about every office in the gift of the Covington association. He is an interesting and entertaining speaker, and his address was calculated to inspire those who heard him with renewed zeal in the cause of the local association.

From Mr. Baker's report of the year's work it is learned that when he took charge last fall, the regular membership was only thirty-five. The regular members now number ninety-three, and there are ten junior and sixty sustaining members. The average attendance at the fifty-one men's rallies for the year was forty.

The reading room now contains forty-five of the leading and popular publications.

In the gymnasium the business men's class held forty-two sessions, the young men's class forty and boys' class fifteen. (The boys' work was not thoroughly organized until last April.)

The association's bath rooms are provided with fine shower and tub baths, and during the year 2,872 baths were taken.

The total visits to the rooms during the year were 14,293, a daily average of forty-four.

The Women's Committee has assisted very materially in many ways, and has done faithful and earnest work.

The financial statement is as follows:

The Service at the M. E. Church, South, Sunday Morning One of the Most Enjoyable Ever Held There.

The Children's Day service at the M. E. Church, South, Sunday morning was one of the most successful and enjoyable ever held at that house of worship.

The addressed by Mr. John Duley and Mr. Allan Cole were of great interest. Miss Hunter's recital of Kipling's immortal "Recessional" was particularly fine. The little folks acquitted themselves with great credit.

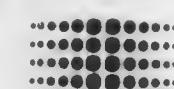

The musical part of the program was very enjoyable, notably Miss Vaughn's solo, and the violin playing of Prof. Bullett, accompanied by Mr. Edward Geisel on the piano.

Mr. Ernie White met with an accident between 9 and 10 o'clock Saturday night that will disable him for some days. He had just returned from a fishing trip up on Kinnicinnick and had occasion to step into Leonard & Lally's store. As he left their office to go into his cigar store adjoining to put away a pistol he had taken with him on the trip the weapon was dropped. One of the cartridges exploded as it struck the floor, the ball striking him on the outside of the right foot near the instep. Fortunately it was deflected by the bones, and ranged around in a semi-circle, coming out on the opposite side. Dr. Brownling dressed the wound.

Mr. White is getting along very well, and if all goes well will likely be out in the course of a week or two.

Said farm is on the Jackstown turnpike, four miles from Paris, four miles of Millersburg, and within one mile of three stations on the Maysville railroad. It contains 329 acres, 150 acres of grass, and in a high state of cultivation. The dwelling is a two-story brick with ten rooms, and is one of the best built houses in Kentucky. There are two barns, two cabins, a smokehouse, a granary, a coal and wood house, and every building needed for a well regulated farm. Plenty of fruit of all kinds and never failing water. SEVEN FEEL.

Cuban Police Worsted In a Desperate Battle With Bold Bandits.

Santiago de Cuba, June 19.—Depredations by bandits continue in the districts remote from the garrisons. A party of police followed a large band of bandits to Guamo, a small town west of the city of Manzanillo and attacked them while the outlaws were raiding the place. The bandits were well armed and mounted and fought desperately, killing seven of the police and wounding a number of others. The bands retired with some of their wounded toward Tunas. The commandant at Manzanillo has ordered a platoon of cavalry to pursue the remaining bandits.

Clifton Springs, N. Y., June 19.—The meeting of the International Missionary association, after the devotional exercises, was devoted to a discussion on missionary co-operation in which three-minute speeches were allotted to the delegates participating.
